CAPABILITIES SHEET - January 2022

About Digital Video Group

We are a leading supplier of audio-video broadcast and production equipment in the Mid-Atlantic States. Our customers range from the Federal Government, Government Contractors, TV Stations, Production Facilities to state and local Government Agencies. Our services range from system design and consulting to installation, support and training. We can provide a complete system solution or individual components for system upgrades as needed.

Company Principal

Alex Martin - Founded DVG in 2003, and is responsible for the day to day management and operations of the company. In addition Mr Martin works closely with the leading manufacturers to facilitate the implementation of custom solutions in support of our customer needs.
